## Cosmetic Surgery & Medicine in Hong Kong

### Dr. Walter WK KING

Specialist in Plastic Surgery

#### Editor

Dr. Walter WK KING

Since the worldwide inception of Cosmetic Surgery as an integral part of Plastic Surgery in the early 1900's complete with structured training, examination and continuing education, Cosmetic Surgery & Medicine has developed into an increasingly important and vital portfolio of Specialists in Plastic Surgery whose training and examination in Hong Kong is well established under the auspices of the College of Surgeons of Hong Kong.

While our professors in the early years have laid down the foundation for the growth and development of Cosmetic Surgery and Medicine, it remains for us to continue to advance, refine, distillate, evolve, research and study the many aspects of Cosmetic Surgery and Medicine.

In this August issue of the Hong Kong Medical Diary, members of the Hong Kong Association of Cosmetic Surgery present updates and advances in many areas of Cosmetic Surgery and Medicine that are commonly requested by people living in Hong Kong, the Mainland and overseas:

- Dr. Philip Hsieh: Upper Eyelid Cosmetic Surgery (Upper Blepharoplasty)
- Dr. Kin-hung Kwan: Lower Eyelid Cosmetic Surgery (Lower Blepharoplasty)
- Dr. Chun-on Mok: Plastic Surgery for Facial Injury & Facial Skin Lesions/Tumours
- Dr. Man-kwong Tung: Lip Improvement Surgery
- Dr. Walter King: Restoration after Childbirth  
(Laser Surgery, Radiofrequency Therapy, Scar Improvement Surgery, Nipple Improvement Surgery, Breast Surgery, Body Contouring by Liposuction and Abdominoplasty)

With the easy availability of quality Cosmetic Surgery & Medicine in Hong Kong, it is evident that the 21<sup>st</sup> century men and women living in Hong Kong are able to live longer with youthful lifestyles without the stigmata of an aged appearance.
